THE PUBLIC SERVICE COMMISSION OF  
SOUTH CAROLINA  
DOCKET NO. 80-251-E - ORDER NO. 84-977  
November 26, 1984

IN RE: Small Power Production and Cogeneration ) ORDER  
Facilities - Implementation of Section ) GRANTING  
210 of PURPA of 1978. ) RELIEF

On November 19, 1984, Clifton Power Corporation (hereinafter "Clifton") filed with the Public Service Commission of South Carolina (hereinafter "the Commission") a Notice of Appearance and Motion for Additional Time to Prefile Testimony wherein Clifton sought certain relief in the nature of an extension until Friday, December 7, 1984 in which the testimony of Mr. William Marcus may be prefiled. The Commission had previously required the prefiling and service of testimony and exhibits in the instant docket on or before November 30, 1984. See, Order No. 84-937 issued in the instant docket on November 5, 1984.

Based on a review of the matters asserted in said Motion and contained in this docket, the Commission is of the opinion and so finds that the public interest will be better served by having Mr. Marcus' testimony available to aid the Commission in deciding the issues under consideration in the instant docket and further finds that no party of record will be prejudiced by the granting of this request. The Commission therefore concludes that the relief requested in the Motion of Clifton should be granted.

IT IS THEREFORE ORDERED:

1. That the time for the prefiling and service of the testimony and exhibits by Clifton Power Corporation of Mr. William Marcus pursuant to Order No. 84-937 be, and hereby is, extended until Friday, December 7, 1984.

2. That all other terms and conditions of Order No. 84-937 remain in full force and effect except as modified herein.

3. That this Order shall remain in full force and effect until further Order of the Commission.
